

K&A Cox Blinds

Last Updated Wednesday, 25 April 2007

The clean, modern simplicity of blinds has made them extremely popular in today's interior home, offering a stylish and economical alternative to curtains.

Being a manufacturer of custom made window blinds gives us an advantage over other blind companies, making our prices more competitive and our service more flexible.

Other benefits are peace of mind of a perfect fit, high quality, excellent customer service and a wide range of colours and designs to choose from.

Our range of window blinds include:

- Vertical Blinds
- Venetian Blinds
- Pleated Blinds
- Roman Blinds
- Roller Blinds
- Velux Skylight Blinds
- Conservatory Blinds

For UPVC windows we now offer Perfect Fit where the blind is fitted by using a simple snap-fit operation without screws or adhesives.

A free no obligation home visit can be arranged in the Derbyshire & Nottinghamshire area.
