

Composite doors

Last Updated Monday, 29 June 2009

Our composite door collection is an outstanding collection of solid laminate 48mm timber core doors that combine classical or modern styling with high security locking which provides a stunning, high quality and secure entrance to any home. Each solid timber core is completely encapsulated within highly durable plastic edge banding and two thermo plastic door skins so you will never have to worry about painting or varnishing your composite door. These exclusive doors are available in a wide range of style and colour options. Accessorise your door

The beauty of installing a composite door is that it can be treated as a solid timber door. Extras and accessories such as door pulls, bespoke door knockers, house numbers etc are easily installed as the customer requires.
